

Let's meet at

Stockholm Furniture Fair

Inno will be showcasing its latest releases at the Stockholm Furniture Fair including the new Naku product family designed by Harri Korhonen consisting of a stackable chair, a stool, tables, and bookshelves. Fine wood craftsmanship together with timeless design give these “tools for architects” a unique long-life cycle.

Also the new releases by designer Rasmus Palmgren – Whippy Folding chair and Mikko Laakkonen's new easy chair Aura Bold and Taivu Meeting will be showcased during the event.

Looking forward to meeting you there!
